NOTICE OF APPOINTMENT OF ADMINISTRATOR.

NOTICE IS HEREBY GIVEN THAT THE undersigned Public Administrator of the county of Washoe, State of Nevada, as such has been duly appointed and qualified by the District Court of the Second Judicial District of the State of Nevada, for Washoe county, as Administrator of the estate of John W. Drotty, late of said county deceased, and all persons having claims against said estate are hereby notified to file the same with proper vouchers with the clerk of said court within sixty days after the first publication of this notice, or the same will be forever barred.
J. P. PERKS, Administrator.
Dated this 28th day of March, 1899. 1m

The imbecility of some men is always inviting the embrace of death. It is the delight of such men to boast of what "tough fellows" they are and tell how they overwork themselves and how they neglect little ailments and little illnesses that put other people on their backs.

It may not sound like a fact, but it is a fact that the average man is just that kind of a boaster, cheerful idiot. If his head aches, it isn't worth paying any attention to; if he feels dull and drowsy during the day, it isn't worth serious consideration; if he is troubled with sleeplessness at night, he does himself with opiates. When he suffers from nervousness, he orders powerful medicines that even a physician prescribes with care. He is a knowing fellow, but without knowing it, he is hugging death. There is a wonderful restorative tonic and health-builder that will keep the hardest working man in good working shape. It is Dr. Pierce's Golden Medical Discovery. It is made of pure native roots and barks. It contains no minerals, no narcotics and no opiates. It simply aids nature in the natural processes of secretion and excretion. It tones up the stomach and facilitates the flow of digestive juices. It makes a man "hungry as a horse" and then sees to it that the life-giving elements of the food he takes are assimilated into the blood. It invigorates the liver. It drives out all impurities and disease germs from the system. It is the great blood-maker and flesh-builder. It is the best of all nerve tonics. It cures bronchial, throat and lung affections as well.

"I had indigestion and a torpid liver," writes Mrs. A. L. Gibbs, of Russellville, Logan County, Ky. "Dr. Pierce's Golden Medical Discovery cured me."

If constipation is also present, Dr. Pierce's Pleasant Pellets should be taken. They never fail, they never gripe. Druggists sell both medicines.

Evening Hood.

No woman who has a genuine love of dress thinks her life complete nowadays if she does not possess an opera hood and an embroidered card case. The last and prettiest phase of the hood is a large black satin pumpkin shaped cozy, having a band of the softest black fur, either lynx or Russian hare, encircling the face, and all the bunchy rear fullness overdressed with black net hung with gold colored spangles. The strings that tie on such a head protector are so long that when knotted under the chin their ends fall to the knees, and they are of chiffon or black liberty gauze and are edged with bright spangles.

A "Widow's" Retreat.

Worcester, Mass., has a "widow's retreat," in which six elderly widows live happily together. The eldest widow is Mrs. Eliza Parker, 91 years old, and the next, Mrs. Susan S. Bridgman, 88. The "retreat" is simply a pleasant boarding house kept by Mrs. Lucy M. Underwood. Mrs. Underwood is a widow, and two of her sisters, widows, also live with her.

Husbands For Uncle Sam's Girls.

"The number of male infants born yearly exceeds that of female by 1 to 4 per cent, the proportion varying slightly from year to year," writes Professor D. R. McAnally of "The American Girl's Chances of Marriage," in the Ladies Home Journal. "The mishaps of boyhood, however, reduce the number of boys to some extent, but not so much as to make the adult females outnumber the males. For every American woman, therefore, there ought to be a husband in posse if not in esse, and the fact that there is a large percentage of unmarried adult women in the country, and a greater proportionate number in some sections than in others, is attributable to causes which have disturbed the balance of population. In all new countries—and compared with Europe the United States is a new country—there is a larger proportion of males than of females. The aggregate population of the United States, so far as the latest official figures show, is 82,622,380, of which 82,067,880 are males and

80,654,870 are females. Thus the preponderance of males over females would seem to make it comparatively easy for the American girl to secure a husband, but in certain sections this is evidently not the case, else the proportion of adult unmarried women would not be so large. If men would remain in the neighborhoods where they were born the proportion of men and women would be nearly equal all over the country, but men find work hard to get in the older and more populous communities, and go to the newer states. The young women are left behind, and the young men, after settling in their new homes, forget the companions of their youth and contract alliances among their new friends in the west; hence some of the eastern states show a surplus of females."

A bill has been introduced in the California legislature to make the wife responsible for her husband's debts if she has any property.

HISTORY OF SENATE BILL NO. 76.

The following communication appeared in the White Pine News of last Saturday:

As Governor Sadler has vetoed Senate bill No. 76, justifying his action on the ground that the history of said bill was faulty, as a feeling of just indignation has been aroused at the juggling to which this measure has been subjected, and as I took a great interest in the passage of the bill, I feel it to be my duty to recite its Assembly history.

Senate bill 76 passed the Senate by a two-thirds vote. Loss in the Assembly on March 8th; reconsidered in the Assembly and passed March 9th by a two-thirds majority, and the result was duly announced by the Speaker. Unless the Assembly journal has been tampered with, the action of the Assembly with regard to Senate bill 76 will be shown to have been entirely regular.

As the history of bills during the session was written for the most part by the chief clerk, an explanation is due from Nate Roff in relation to the history of the bill. However, I cannot believe that Mr. Roff made the mistake alleged by the Governor.

It is my opinion that if the bill is lost it has been defeated through shicanery and not carelessness. I hope some public-spirited person will probe this matter to the bottom and show up the tools that have been used to overturn the work of a two-thirds majority of the legislature.

FRANK PAUL.

The JOURNAL agrees with Mr. Paul that Mr. Roff neither carelessly nor intentionally made an incorrect entry in the Assembly Journal. To our personal knowledge he is most careful in all of his clerical duties, and that he should intentionally make an erroneous record; our disbelief amounts to a moral certainty to the contrary. The matter, however, can be set at rest by an examination of the Assembly records of the dates mentioned by Mr. Paul, which we are confident would exonerate Mr. Roff from all blame. The history of the bill as it appeared in the Appeal on the day following the veto, although badly muddled and ambiguous in its verbiage, gave no ground for a veto except an evident clerical error of the substitution of 17 instead of 7—"not present" in the Assembly, which would require nothing more than an examination of the Assembly Journal to ascertain whether there was an error, either accidentally or designedly, committed in the enrollment of the bill. For such a flimsy cause we did not, and do not believe that the Governor was justified in disregarding the wishes of four-fifths of the people of the State by disapproving the bill. We have since been told that the Appeal report was incorrect in several particulars. We also agree with Mr. Paul in his belief that the bill was defective through shicanery and not carelessness, for all the circumstances point that way, and, as he says, "the matter should be probed to the bottom to show up the tools that have been used to overturn the work of a two-thirds legislative majority, and the sentiments of four-fifths of the people of the State. It would be an easy matter to compare the Assembly Journal with the history as shown on the enrolled bills. That would furnish the clue which could easily be followed to the source of the negligence or crime. If no public spirited person" sees fit to investigate the matter it is due to the innocent persons who might be suspected, that they in justice to themselves, place the blame where it properly belongs. If the history of the bill as shown upon the enrolled copy was so defective that the Governor was justified in vetoing it upon the ground that it would not be sustained by the courts, as the chief executive officer of the State, he should ascertain where and how the defects occurred. One thing is certain: the bill passed the Assembly by a more than two-thirds majority as is known personally to every member of that body. If its enrolled history does not show this then the history is wrong upon its face—and it is the right of the people to be informed where and by whom the murderous work was committed.

DON'T FLATTER YOURSELVES.

The Lyon County Times predicts that after next year the Silver party will not be heard of. Of all the papers in Nevada none have been more thoroughly Silver party than the Times. The iron has entered its soul, sure enough. We await with interest the expressions of other journals heretofore training with it, and which journals have been ever ready to pronounce such sentiments in Republican papers worse than criminal.—Inyo Register.

The "iron has entered the souls" of other Silver party papers besides the Times. They are tired of being made the tools of a soulless corporation, and have determined that the present condition of affairs in the State shall cease. This need afford, however, no consolation to the Republicans or the Republican press, for the Times nor any of its honorable associates will ever advocate a party that is inimical to the cause which is nearest the heart of every true Nevada. They are stronger in the faith than ever, and their former misdirected efforts will be made in a direction which will insure to the benefit instead of the injury of the bimetallic cause.

BREVITIES.

R. Somers of Wadsworth is a guest at the Arcade Hotel.

William Lofthouse arrived from Wadsworth last evening.

Philip Gilson of Carson, a former student at the University, is visiting friends in Reno.

A lunar rainbow is said to have been visible at Elko for a few moments last Wednesday night.

The latest report from the Utah Pacific railroad extension is that all of the laborers have gone on a strike for higher wages and everything is at a standstill.—Pioche Messenger.

Fred Manson was instantly killed near Elko last Saturday by falling off a freight train. Deceased was well known in Elko, having formerly resided there. He was a brother of Mrs. J. McIntosh of Lovelock.

Charley Warner, an employee of the N. C. O., informs the New Era that the work is progressing favorably, and the force of men will be enlarged when the weather settles, and the rails are scattered along preparatory to laying more track.

The legislature should add another to the Commandments, says the Sacramento Bee, making them eleven. The last one to read: "Thou shalt not cartoon thy neighbor's ox, nor his ass, especially if he be a member of the legislature."

The Carson river raised considerably at this point during the recent storm, and enough water has gone to waste in the past week to have kept the ranchers well supplied during the entire dry period, if it had been stored.—Lyon County Times.

Pitt river was nearly out of its banks this week, caused from the heavy fall of rain in the mountains and the strong south wind. Farmers of Modoc are now assured of good crops. Heavy rain fall is reported all over the State.—Alturas Plaindealer.

We have received the complete history of Senate bill No. 76, the Constitutional Convention bill, and a letter from Governor Sadler in regard to the veto of the bill. They will appear next week together with some comments on the matter.—Elko Independent.

Lem Osburn has returned from San Francisco, where he has been attending the Cooper Medical College. Lem has had a severe tussel with the grip and his physician advised him to return to Nevada and take a rest. The enforced absence has been a sore disappointment to Lem, as he was to graduate this year.

The Cause vs. the Party.

The Carson Appeal says it is not surprised some of its contemporaries are pronouncing the doom of the silver issue in this State. We don't know exactly which of its contemporaries the Appeal refers to, nor have we noticed that any of the papers who were in on the ground floor of the silver fight have predicted the doom of the cause. The cause is all right, but the party which inaugurated the cause is considerably out of whack when its legislature increases the expense of the government of the State, makes and fills places with men from outside the ranks, and fails to enact a single measure that is of a dollar's worth of benefit to the State, while it allows the workers in the party to hang on to the crust of the earth by their eyebrows and watch those who fought the party feed at the pie counter. Bryan and the cause of silver are all right, and no Silver man is claiming they are not; but the Silver Party—well, enough said.—Lyon County Times.

Mae Kinney Improving.

Mr. R. H. Kinney called at the JOURNAL office on yesterday. He said he received a letter that morning from Mrs. Kinney stating that their daughter Mae, who had undergone an operation for appendicitis, was getting along nicely, and that all indications were that she was on the way to a speedy recovery.

It is always best to stick to the old and tried, experiments being sometimes very costly. Pinniger is the oldest druggist in the country. His stock of drugs, medicines, seed and photographic goods is fresh and up to date, while his prices are reasonable as possible. All prescriptions have his personal supervision.

KNIGHTS' TEMPLAR.

How They Spent Easter Sunday in Reno.

About one hundred persons arrived from Virginia and Carson on a special last Sunday morning, they being Knights Templars and their wives from those places. A committee of Sir Knights received and welcomed their fraters, while a committee of Knights' wives extended the same courtesies to their lady visitors. The knights were conducted to Masonic Hall, where they arranged themselves in their splendid regalia, and from there they marched to the pavilion, where they went through the evolutions of an impromptu duel. The ladies were conducted to the banquet hall in the Investment Building, where they were entertained by the wives of the Reno Knights. At 11 A. M. the whole company attended divine services at the Episcopal church, where Reverend Sir Knight Unsworth delivered a most eloquent and instructive discourse on the divinity of Christ. The ability of this excellent man and divine is becoming more appreciated by the people of Reno the longer he remains among us.

From the church the Knights and ladies repaired to the banquet hall, where a fine collation was laid, and three most pleasant hours were spent in disposing of the good things provided, and in social discourse, responding to toasts, etc. Eminent Commander W. J. Harris presided with masterly ability and tact and did much to enhance the enjoyment of the occasion. Toasts were responded to by Judge Hanley, John Eckley, E. Strother, R. L. Fulton, J. M. McCormack and others. At five o'clock the visitors repaired to the train accompanied by their Reno hosts and hostesses, and as the train pulled out three hearty cheers were given them by the Reno Knights and citizens who had collected at the depot to bid them farewell.

Not a Hopeless Case.

The Reno JOURNAL admits its inability to explain to Allen Bragg of the Gazette the connection between cheap silver in America making cheap wheat in India and cheap wheat in India making cheap silver in America. The Appeal gave up that same job some years ago. There are many ways of fooling away time other than trying to bang silver sense into the Gazette man, and we much prefer all the other ways.

Don't be too certain. Remember "while the lamp holds out to burn," etc. The trouble with Bro. Bragg is that he is "long-sighted" and can discern nothing nearer than the far east upon which to base his political creed and prognostications. Finding him insensible to the truth through home-made arguments, the JOURNAL silenced him on the Indian wheat and silver business with a short article from a Democratic paper published in his native State of Maine. Since then he has been mute as a mouse, and there is hope that a few more doses of eastern bimetallic logic will effect the cure of the malady which western prescriptions failed to reach the seat of.

Announcement.

I have just received a complete line of working and dress shirts of the latest patterns and styles, which I will sell at bedrock prices. I wish to call particular attention to a working shirt I am handling. It is undoubtedly the best working shirt that was ever sold on the Coast for the money. Call and examine the same.

I have all the latest patterns in golf and negligee shirts, in silks and madras cloths.

I am pleased to announce that I have secured the agency of the Wheeler overall, famous on this Coast as being the best fitting and most durable overall on the market. It is rivited, triple-sewed and made of the heaviest and best denim. Try a pair and be convinced.

Easter Services.

From alleles and altars came songs and services indicative of the universal esteem thus manifested towards our Lord and Savior who on this day many cycles ago arose from the tomb and demonstrated to all mankind then and forever after the omnipotency of the Son of God. The churches in Reno held services appropriate to the occasion, and were crowded with people eager to hear the old story of the Resurrection told again in all its exquisite beauty, and from comments passed it would seem that all our divines clothed the outline story in raiment befitting its grandeur.

Work to Be Renewed.

Our community was much elated on Monday when Mr. Goss, the foreman of the Star mine, came to town to hire men to work in that mine. Work has been suspended for a few months, pending the erection of their mammoth mill as there was no place to put the ore, but the mill will be started up very shortly and the miners have gone to work to extricate ore to furnish the mill. We congratulate this community on its fine prospects in the immediate future.—White Pine News.

IMPORTANT IMPROVEMENT.

A Double Building Being Erected on Virginia Street.

From the front of the row of one-story wooden structures adjoining J. J. Quinn's store on the north, a person can form no idea of the improvements that are going on inside and in the rear. Solid brick walls have been erected a story high and the work will continue until one of the finest and most substantial buildings in the town is completed.

The ground is owned by Mr. Quinn and Mr. Hartung, twenty-six feet front by the former and twenty-five by the latter. A partition wall is being built between the two lots, and the structure is to be two stories in height. Mr. Hartung will occupy the lower floor of his portion as a bakery, while Mr. Quinn's will be rented for a store. The upper floors of both will be fitted up for offices.

The double building will have a frontage of fifty-one feet, with the depth of eighty feet. The front of the lower stories will be constructed of iron and plate glass, and the entire edifice will nearly correspond in general appearance with the one now occupied by Mr. Quinn. The building will be a great improvement to the east side of Virginia street, and we hope the owners will be well recompensed for their enterprise.

Easter Bonnets in Reno.

A person with half an eye could have told it was Easter last Sunday, for on what other day do such fearful and wonderful sky scraping creations of the milliner's art decorate the heads of Reno's maids and matrons? Why, a first class kaleidoscopic panorama in all the complimentary colors would have paled until it gave a monochromatic appearance if compared with the procession which was seen on our streets just before the church bells rang forth the final summons to morning service. Bonnets which reminded one of fleecy clouds in summer skies, fantasies in feathers, ribbons, stuffed song birds intermingled with a subtle design to effect the best appearance—but, say, a man can't write about ladies' hats and dresses, consequently the present scribe must either "renig" or fail miserably in attempting to describe something far beyond his comprehension.

Cinnabar and Aluminum.

One of the important discoveries to be made at Tuscarora of late, according to Mr. Parsons, is the finding of metallic quicksilver and cinnabar in the property of the Tuscarora Extension Company of this city. This ledge is three feet in width and carries ten per cent in quicksilver, which would amount to about \$100 to the ton, besides which the ore runs a few dollars in gold. The find is looked upon as an important one in that section and elsewhere.—Salt Lake Tribune.

That cinnabar and metallic quicksilver constituted a portion of the mineral deposits of Tuscarora district was known as far back as the seventies. There are also large deposits of aluminum clay in the district, which will be profitably worked some time in the future.

The Ravages of Grip.

That modern scourge, the Grip, poisons the air with its fatal germs, so that no home is safe from it ravages, but multitudes have found a sure protection against this dangerous malady in Dr. King's New Discovery. It will promptly cure the worst cough, heal the inflamed membranes, kill the disease germs and prevent the dreaded after effects of the malady. Price 50c. and \$1.00. Money back if not cured. A trial bottle free at S. J. Hodgkinson's Drug Store.

Robbed the Grave.

A startling incident, of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: "I was in the most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying 'Electric Bitters,' and to my great joy and surprise, the first bottle made a decided improvement, I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50 cts per bottle at S. J. Hodgkinson's Drug Store.

The Last Sad Rites.

All that is earthly of John Montz was laid to rest by loving hands last Easter Sunday. One of the largest funeral trains ever seen in Reno accompanied the remains to the K. of P. cemetery, where the interment took place. The funeral was conducted by Amity Lodge of Reno and Myrtle Lodge of Verdi.

John Montz was born in the east and was aged 45 years. He had made his home in Verdi for the last twenty years, where he was engaged in the wood-working business. He was well known throughout this neighborhood and leaves many friends to mourn the loss of a worthy citizen.
